OBJECTIVE

UX/UI designer and front-end developer turning complex ideas into simple, user-centered experiences. Skilled in Figma, SwiftUI, and responsive web development, with hands-on projects in iOS apps, AWS integration, and web design.

PROJECTS

MONU – Digital Planner iOS App (<https://www.monu-planner.com/>)

Full-stack iOS Development Project | SwiftUI, AWS Amplify, Figma, Google Calendar API

- Built an iOS planner app with yearly/monthly/daily views, habit tracker, and more.
- Integrated AWS Cognito login + Google Calendar API for event sync.
- Designed mobile-first UI in Figma.

Portfolio Website (<https://ashwannasleep.com/>)

- Developed a responsive personal portfolio with HTML, CSS, and JavaScript.
- Implemented clean navigation and modern layouts for better usability.
